

Sway Rug

The Sway rug takes inspiration from the gentle, swaying motions of nature — the wind, the waves, and the grass — interpreting a poetic rhythm of movement that flows back and forth. Its irregular weave of small knobs creates a bouclé-like texture, adding tactility and a soft-spoken elegance to interiors. The rug is available in two sizes and three neutral tones, suitable for a wide variety of spaces.

Assembly Requirements Unroll the rug.

Material Handwoven in India, the Sway Rug is made from 100% wool, a strong and durable natural material. Small natural variations in the wool give each rug its unique character and charm.

Cleaning & Care Vacuum the rug regularly using low to medium suction and avoid rotating brushes or robot vacuum cleaners, which may damage fibres. Loose fibres may appear at first; simply trim them carefully with scissors and do not pull them out. In case of spills, act quickly and gently dab (do not rub) with a clean, uncoloured cloth, working from the outer edge towards the centre. Avoid prolonged exposure to direct sunlight to help preserve colour. Professional cleaning is recommended when needed. Use a rug underlay to prevent slipping and protect delicate floors. Rotate the rug occasionally to ensure even wear.
