

LIFT SIDE TABLE

BRAND PARTNER: NORMANN COPENHACEN

DEN

Lift Side Table is a versatile, lightweight piece designed for everyday adaptability. Ideal beside a sofa or bed, or as a temporary workstation, it adjusts effortlessly to suit your needs. A simple press of the tabletop button raises it smoothly, while gentle downward pressure lowers it again, making the mechanism intuitive and seamless.

Its design is both functional and visually striking. The distinctive base features an elegant curved support that forms a sculptural, stable foundation, giving Lift a light yet grounded presence. Practical, expressive and easy to move, it brings flexible functionality to any space.
