FRAME CHAIR

ABOUT

Designed by Gabrielle Beswick & Andrew Beveridge, 2023

This collection is called "Frame" because of its bold, structured design that forms a strong, architectural framework. The items within the collection feature a rigid structure that has been emphasized by its large proportions. Made from raw aluminium, these pieces are perfect for both indoor and outdoor use and will naturally develop a unique patina over time, adding character to each piece. For those who prefer to maintain the original appearance without a patina, we also offer clear or coloured powder-coated finishes.
