

Archive Sofa
Designed in 2016
by Cameron Foggo

The Archive Sofa draws inspiration from mid-century design, featuring sumptuous leather upholstery paired with an elegant wooden frame. Its design highlights the curved radius where the legs join the base frame, showcasing careful craftsmanship and attention to detail.

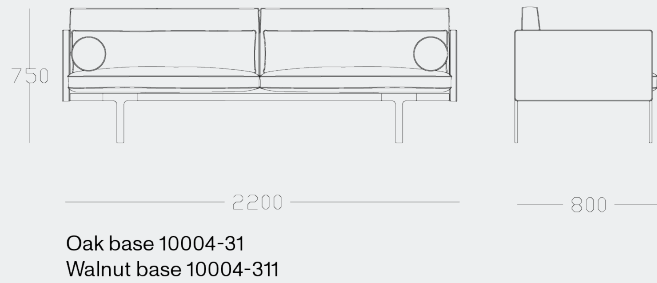

The combination of rich materials and refined contours gives it a timeless and sophisticated appeal.

The Archive sofa frame is constructed from American Oak or American walnut with an internal structure from New Zealand Pine, high-density foam, memory foam and feather.

Fabrics: See our selection of house fabrics and leathers or customise with any suitable upholstery fabric.
