

Rand Side Table

The Rand Side Table transforms simple geometry into a sculptural every-day piece. Two half-circle plates stacked against a flat surface create an elegant interplay of curves and lines, leaving space for storage between them. Three wide, slim legs anchor the design with architectural clarity. The flat side lets Rand nestle against a wall or sofa, or stand freely as a sculptural presence. Open, easy-to-reach storage keeps your essentials close at hand. Whether used as a bedside companion, side table, or part of a layered coffee table arrangement, Rand brings a sense of intention to daily life.

- Suitable for use in both public and private settings.
- Offered in Black and Stainless Steel.

Product Type Side Table, Furniture

Designer Theresa Rand, 2026

About the Designer Born in Germany and based in Copenhagen since 2011, Theresa Rand is a designer with an architecture background. Her work is guided by an interest in the emotional and sensory qualities of objects and the ways they influence our daily routines. Drawing on a palette of natural materials, Rand creates designs distinguished by sculptural simplicity, tactility, and enduring appeal.

Environment Indoor

Country of Origin China

Assembly Requirements Complete assembly of all parts is required.

Material The Rand Side Table is available in two finishes: powder-coated black carbon steel and sandblasted, passivated stainless steel.

Cleaning & Care Wipe the product with a soft dry or moist cloth. Do not use any abrasive cleaning tools or strong cleaning agents. For a more thorough cleaning of the stainless steel version, you can use a stainless steel cleaner with a soft, dry cloth. Always follow the cleaning instructions provided by the detergent manufacturer carefully.
