TABLE

Materials

Base

legs in aniline-dyed solid ash wood, charcoal coloured, finished with transparent water-based or solvent-based coating. Steel frame and support frame brackets made of gravity cast aluminium, matt black powder-coated. Adjustable thermoplastic feet.

Wooden top

wood particle board panel (class E1, CARB P2 / TSCA Title VI certified), veneered in smoked oak with solid smoked oak edge, finished with transparent water-based or solvent-based coating.

Top and lazy Susan rotating tray in marble

Calacatta Oro marble, Valentine Grey, Grey Stone, Emperador Dark, grey Carnico marble, Rosso Lepanto, Verde Alpi with edge finished by helical moulding, treated with water repellent products or finished with matt polyester. The top is equipped with a reinforced structure (except for 140x140 cm and Ø 140 cm tops).

Swivel mechanism

rotating mechanism and mechanism support in aluminium.
