SIMON JAMES

The Park collection takes the refined arm detailing from our Arcade and Auctioneer ranges, and applies it to a new rounded silhouette, designed to work for both home and office. Sculptural curves are offset by its grounded form and generous size, creating a chair and sofa that offers both structured support and relaxation. Comprising timber frame construction, an upholstered seat in multi-density foam, and a foam and feather combination in the back cushion for comfortable back support.

Available in a chair with swivel option, and two sofa sizes.

Made in New Zealand.
